Subject: Provincial Land Transfer Tax Changes

Provincial Land Transfer Tax (PLTT) changes

Important Provincial Land Transfer Tax (PLTT) changes are being introduced that affect Transfer Type Instruments. These changes involve the collection and submission of additional information about applicable conveyances in advance of the Instrument being signed in Teraview. The information will be captured by submitting a form outside of the Teraview system.

The changes are being introduced in two phases:

Phase 1 April 24th – Both the Prescribed Information for Purposes of Section 5.0.1 Form and the new PLTT statements located in the explanations tab will be available for completion. Beginning on April 24, 2017 the submission of the form will be mandatory. The Ministry of Finance will provide a transition period from April 24 to May 5, 2017, where any deficiencies relating to the form will not incur penalties.

Phase 2 May 8th – The selection of the new PLTT statements located in the explanations tab will be mandatory and will be enforced at the time of signing and registration of an Instrument.

More information on the change and the new requirements for Transfer Type Instruments can be found in the [bulletin](#) provided by the Ministry of Finance.

We've included some details on how to access this form.

Where is the form located?

What do I do with the Confirmation Number?

Once the form has been submitted, you will receive a Confirmation Number that needs to be inputted into Teraview. For more information, please see the Ministry of Finance [bulletin](#).

What happens if I have lost my Confirmation Number?

Teranet Express has added a self-serve option so end users can find the Confirmation Number for a form they have submitted.

To access this self-serve option:

1. Select the Find Your Confirmation Number Link

The screenshot shows the Teranet Express website interface. The main content area is titled "Prescribed Information for Purposes of Section 5.0.1 Land Transfer Tax Act". It contains instructions for users to find their TV number. A red rectangular box highlights the text: "If you have misplaced your confirmation number for a previously submitted form, click here: [Find Your Confirmation Number](#)". Below this, there are input fields for "Account Login Name:" and "TV number:", followed by "SUBMIT" and "RESET" buttons.

2. You will be prompted to enter your Teraview Account Login Name, TV Number and the date the form was submitted. Choose Search.

The screenshot shows the "Search for Confirmation Number" form on the Teranet Express website. The form has three input fields: "Account Login Name *:", "TV Number *:", and "Date of Form Submission *:" (with a "(YYYY/MM/DD)" hint). Below the fields are "Search" and "Cancel" buttons.

3. A list of Confirmation Numbers that were submitted on the date entered will appear. The First PIN and Name of the Submitter will appear on the list to help in locating the correct Confirmation Number.

Confirmation Number	Date and Time of Form Submission	First PIN	Name of Submitter
A178	2017-03-08 09:32 EST	09001-0010	test

What if I don't remember the date the form was submitted?

You will have to submit the form again. Please note that you will receive a new Confirmation Number that you will have to input in Teraview.

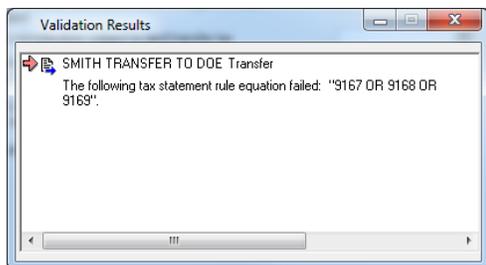

I didn't save/print a copy of the PDF form?

Due to the sensitivity of the data being collected Teranet is unable to recreate the PDF and send it out to clients. If you want a PDF copy of the form you will have to submit the information again in order to generate the form. Please note that you will receive a new Confirmation Number that you will have to input in Teraview.

What will happen to my Instruments as of May 8, 2017?

WIP Instruments as of May 8, 2017:

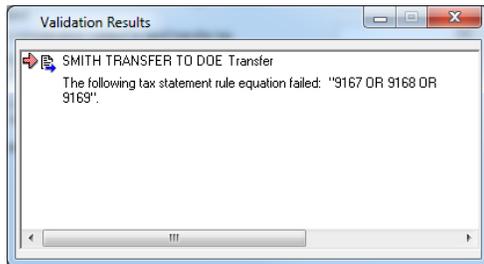

If statement 9167 or 9168 or 9169 has not been selected at the time of signing you will receive the following error: *The following tax statement rule equation failed: 9167 OR 9168 OR 9169*

Teraview is a product of
Teranet Property Search
& Registration Services.

Previously signed Instruments after May 8, 2017

If the instrument is not re-signed the following error will occur at registration: *The following tax statement rule equation failed: 9167 OR 9168 OR 9169*

What happens to Instruments Registered prior to May 8th, 2017?

These instrument types will not be impacted since the mandatory rule was introduced after the Instruments were registered.
